## WHOM SO EVER IT MAY CONCERN

India is the country with the largest number of people with Diabetes after China

There are millions of people who are at risk of developing the complications of Diabetes.

As the Head of the Prof M Viswanathan Diabetes Research Centre Chennai India which is a WHO Collaborating Centre for Research, Education and Training in Diabetes and having completed 27 years as a Diabetologist myself, I am convinced that the new technology conceived by Medilync ,Cloudlync and Insulync will be useful to the patients with Diabetes in India .  
I wish them all the best

**Dr Vijay Viswanathan**
